

TRAFFIC COUNT MAP
CITY OF HUNTSVILLE, ALABAMA

Tommy Battle, Mayor
Published, January 2016

L. Dan Sanders, P.E., Interim Director of Traffic Engineering
Nicholas Nene, P.E., Traffic Improvement Projects Manager
Karen Brown, Traffic Operations Manager
Tom Sisco, Traffic Engineering Analyst

NOTES:
1. TO OBTAIN THE AVERAGE ANNUAL DAILY TRAFFIC VOLUME, MULTIPLY NUMBER BY 100.
2. FIGURES REPRESENT A STATISTICAL AVERAGE ANNUAL DAILY TRAFFIC VOLUME
FOR MONTHLY VARIATIONS, DIVIDE THE STATED NUMBERS BY:
0.95--APRIL, MAY 1.00--DECEMBER, MARCH
0.96--JUNE, JULY 1.01--NOVEMBER
0.97--AUGUST 1.10--JANUARY
0.98--SEPTEMBER, OCTOBER 1.15--FEBRUARY
3. THERE IS NO TYPICAL DAY OF THE WEEK. SUNDAYS HAVE THE LOWEST VOLUME (58% TO 80% OF THE PRINTED VOLUME), AND FRIDAYS HAVE THE HIGHEST VOLUME (108% TO 120% OF THE PRINTED VOLUME).
4. THE COUNTS ON THIS MAP WERE TAKEN DURING THE SCHOOL MONTHS OF AUGUST-MAY IN THE YEARS 2014 AND 2015.
5. WHILE EVERY EFFORT HAS BEEN MADE FOR EACH COUNT TO BE REPRESENTATIVE OF THE NORMAL TRAFFIC VOLUMES ON THE ROADWAY, EXTENSIVE ROADWAY CONSTRUCTION ACTIVITIES CAN CAUSE MAJOR SHIFTS IN TRAVEL PATTERNS OVER A SIGNIFICANT NUMBER OF MAJOR ROADWAYS.
OFFICE: (256) 427-6850

Legend for road classifications:

- Major Arterial (Blue line)
- Minor Arterial (Green line)
- Major Collector (Orange line)
- Minor Collector (Red line)
