

FBI DAY

“Your Future is Our Future”

The FBI invites Industry to join us for this Vendor Engagement where we will publish our short-and-long term plans with the transition to Huntsville, Alabama. The FBI has been a resident at Redstone since the early 1970s and are continuing to grow. The initial investment focused on the Counter-IED Center of Excellence and Strategic Realignment objectives. The current and future investment strategy will focus on Enterprise and Applied Technology and Advanced Specialized training. Leveraging future investments, FBI at Redstone will be the epicenter of Technology Development and will include a Graduate School Advanced Training Program for several disciplines.

Location:	Huntsville Marriott 5 Tranquility Base Huntsville, AL 35805
Date:	December 15, 2021
