Community

End States

A resilient and flexible workforce capable of meeting the needs of the nation now and in the future

An integrated community capable of receiving continued planned important growth

A community that meets the needs of the regional families and is viewed as a place of choice

Integrated community resources and capabilities to support prevention, mitigate vulnerabilities, and provide rapid response to manmade and environmental emergencies

A Federal Center of Excellence

... Providing Critical Support to our Nation

... Growing Our Strategic Impact

... Viewed as the Place of Choice for the Best and Brightest
