

INITIATIVES

Huntsville/Madison County Chamber

2024 Membership MEDIA KIT

NOVEMBER 2023

Initiatives magazine is one of the primary vehicles through which we address topics of interest to the business and professional communities in the Huntsville market. **Initiatives** provides the opportunity to profile key subject matter in greater detail than supplied by other platforms. As a result, the publication is read by the recipient and often passed around the office. These magazines are often found in waiting areas and on side tables of offices of executives, doctors, etc. Business men and women are hungry for news they can use, and **Initiatives** plays a key role in providing that information.
